

Course schedule for AY2024 S1S2(Advanced Interdisciplinary Studies)

	am		pm			
	8 : 30-10 : 15	10 : 25-12 : 10	13 : 00-14 : 45	14 : 55-16 : 40	16 : 50-18 : 35	18 : 45-20 : 30
Mon.					3788-076 Needs-Inspired Invention and Entrepreneurship Project Prof. Set Sze Yun	
Tue.				3788-081 Advanced Virtual Reality Prof. Masahiko Inami Common course with the Graduate School of Information Science and Technology		
Wed.			3787-008 Lectures on Advanced Life Science 3&4 periods ※see the following sheet for schedule		3788-063 Lectures on Advanced Barrier-Free Science ※see the following sheet for schedule	
			3787-007 Lectures on Advanced Information System 3&4 periods ※see the following sheet for schedule		3788-059 Environmental Science I Associate Prof. Yu KOSAKA	
			3788-084 (S1) Global Security and Religion Prof. Satoshi IKEUCHI Associate Prof. Yu KOIZUMI 3&4 periods		3788-091 Economic Security and Intellectual Property Prof. Katsuya TAMAI	
				3788-089 (S1) Lectures on Social Inclusion Systems Prof. Takeo KONDO	3788-092 (S1) Advanced Topics in Data Science Project Lecturer Hiroki UEDA	
Thu.	3788-088 Intelligent Informatics Prof. Tatsuya HARADA Common course with the Graduate School of Information Science and Technology					
Fri.			3788-079 Fundamentals of Advanced Information System 3&4 periods ※see the following sheet for schedule		3788-085 Advanced Art Design Study Lecturer (part-time) Ryohei KANZAKI Project Associate Prof. Hideki YOSHIMOTO	
			3788-075 Energy Technology and Natural Resources I Project Prof. Takaya KUBO			

All lectures will be in online. If there is a face-to-face (hybrid) lecture, we will inform you on the UTAS syllabus. Please be sure to check the details of the lecture on UTAS.

3788-042 (whole year through) 2 Credits
Leadership -talent growth program(I)
—Proposal—
Coordinator : Project Associate Professor
Makoto IIDA

Course schedule for AY2024 A1A2 (Advanced Interdisciplinary Studies)

	am		pm			
	8 : 30-10 : 15	10 : 25-12 : 10	13 : 00-14 : 45	14 : 55-16 : 40	16 : 50-18 : 35	18 : 45-20 : 30
Mon.					3788-034 University Entrepreneurship Project Prof. Set Sze Yun	
Tue.			3788-090 Introduction to Kinetics and Operation of Public Institutions Prof. Izuru MAKIHARA			
			3788-061 Energy Science I Prof. Yoshitaka Okada	3788-077 Advanced Course on Tojisha-Kenkyu (First -Person Study) Prof. Shinitiro KUMAGAYA		
Wed.			3787-006 Lectures on Advanced Materials and Devices 3&4 periods ※see the following sheet for schedule			
			3787-005 Lectures on Advanced Research Strategy and Social Systems 3&4 periods ※see the following sheet for schedule			
Thu.			3788-086 Economics of Innovation Policy and Management Prof. Kazuyuki MOTOHASHI			
			3788-078 Fundamentals of Advanced Materials and Devices 3&4 periods ※see the following sheet for schedule		3788-083 Advanced Informatics for Diverse Society Project Prof. Atsushi HIYAMA Intensive course ※Common course with the WINGS-GLAFS course.	
Fri.			3788-049 Advanced Environmental Science and Energetics 3&4 periods ※see the following sheet for schedule			
			3788-074 Special Lectures on Advanced Generic Technology ※see the following sheet for schedule			

All lectures will be in online. If there is a face-to-face (hybrid) lecture, we will inform you on the UTAS syllabus. Please be sure to check the details of the lecture on UTAS.

3788-043
Leadership-Talent growth program(II)-
English in Advanced Science and Technology
Judy NOGUCHI
Online lecture
3rd and 4th period
November 9, 16, 30, December 7, 14, 21
